Medical Programs**

## **Who We Are and Why You Should Trust Us with Your Student Kits:**

- Established in 1988, we are a leading manufacturer, importer, master wholesaler and product source specialist of medical and healthcare products in the United States.
- We inventory over 5,000 medical and healthcare products in our warehouse and can source anything we don't inventory from hundreds of vendors we work with.
- We currently provide student kits to over 100 universities and colleges.
- We make creating, ordering and shipping custom college student kits an easy process that is completely tailored to meet your needs.

## The Complete Medical Supplies Solution

### A Strategic Partnership That Enhances Your Program

Standardized Kits That Ensure Equity, Enhance Learning, and Saves Resources

#### 100% Student Equity

Every student class receives identical, high-quality products chosen by the college administration.

#### Day-One Readiness

Program-approved supplies delivered before classes start.

#### Faculty Time Reclaimed

Pre-assembled kits eliminate inventory management.

#### Operational Efficiency

Eliminate waste, reduce costs, free up storage.

## Complete Medical Supplies, Inc. vs. Amazon & Other

### Why Not Just Use Amazon?

Because your program deserves better than marketplace chaos.

#### Amazon & Retail Stores

- 15-30% hidden, commission fees passed on to students
- Mixed vendors and inconsistent products across students
- Unknown quality from third-party sellers
- Students waste time comparing options and brands
- Equipment disparities make fair assessment impossible

#### Complete Medical Supplies, Inc.

- Lower prices – no marketplace commission fees
- Identical kits ensure 100% standardization
- Manufacturer-direct quality you can verify
- Pre-configured kits save everyone time
- Perfect equity enables consistent training & assessment

## Complete Customization for Your Program

## Your Curriculum, Your Kit

## We source exactly what your administration requests!

## 100% Custom - Everything is program-specific.

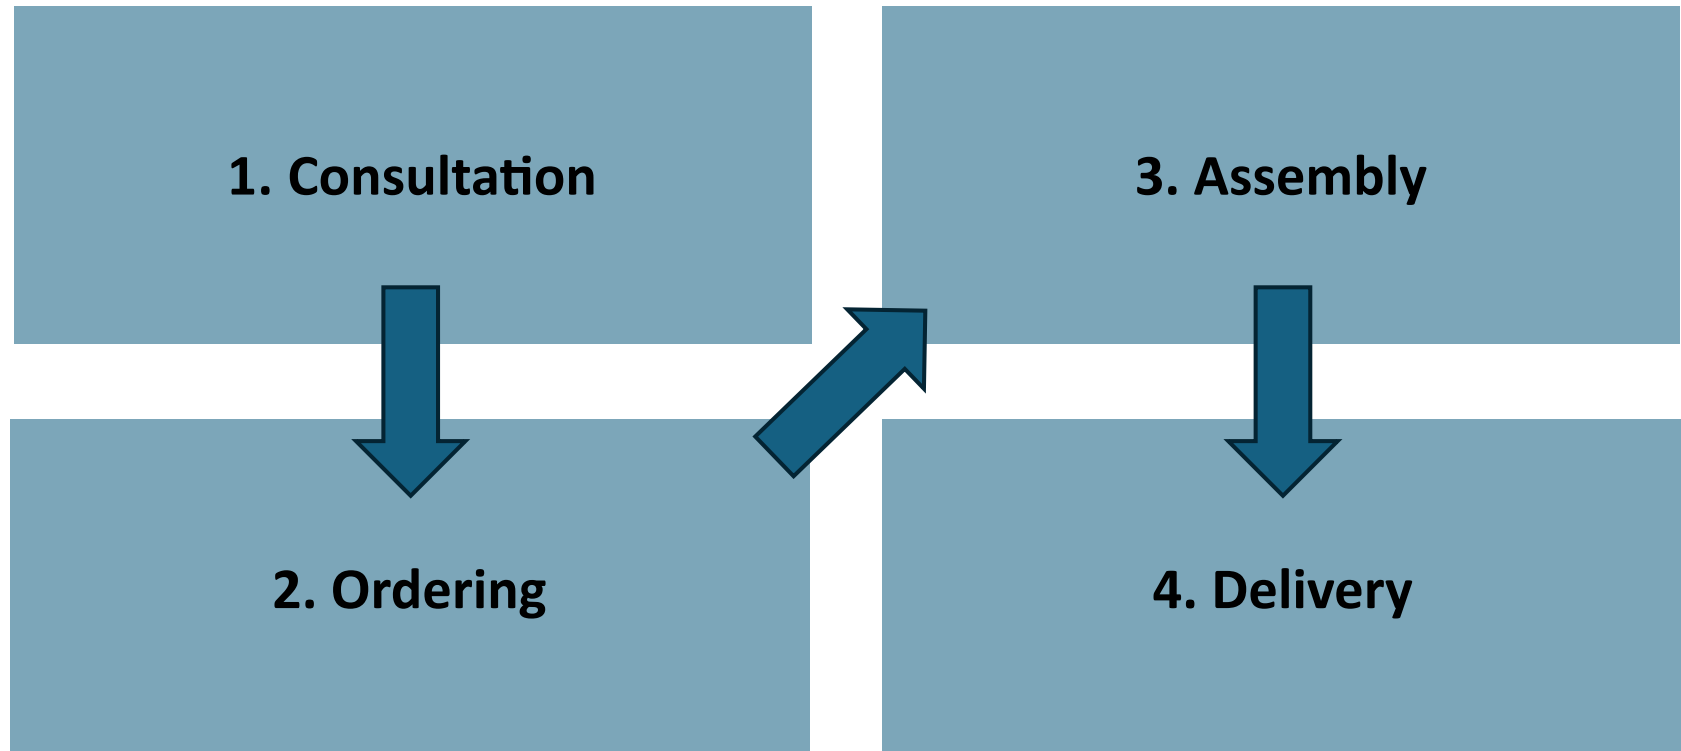

We source specific products from across many categories based on your administration's needs.

- Goniometers
- Blood Pressure
- Pulse Oximeters
- Stethoscopes
- Gait Belts
- Instruments
- Pen Lights
- Tape Measures
- **...and much more!**

## A Seamless Process Tailored to Your Workflow

From Consultation to Delivery: We Make It Easy

Premium Custom College

## 2. Bulk College Orders or Student Direct Ordering

The college administrators will decide on either a **Bulk College Order** or **Student Direct Ordering**.

### **Bulk College Orders**

The University places a purchase order, we pack the kits and deliver the shipment to one location, billing the College.

### **Student Direct Ordering**

The students will go to [www.completemedical.com](http://www.completemedical.com), access the College Kit Order System and enter a unique, College code. The college order page is unique and custom to the college. Prices and products are decided during the consultation with the college administrators. The student will then order and pay for their own kits, on their credit cards. Kit shipments can be sent to the students home or shipped directly to one bulk location, based on the administrators preference.
